Cycle Chester's Corporate Challenge

The Cycle Chester team have been getting involved in all things cycling this Bike Week including competing in a corporate challenge event. The event is taking place each day this week (22 – 27 June) in Town Hall Square, Chester. Teams of four from local businesses compete on Roller racing bikes in a 500m sprint in front of crowds in Town Hall Square. The two fastest teams taking part in the challenge go through to the semi finals and the final on Sunday 27 June.

The Cycle Chester team competed against the Gladiators from Roman Tours, The Bike Factory and The University of Chester Business School in the first race on Tuesday.

The Roller racing bikes are also available for the general public to have a go on throughout the week (excluding Saturday) between 12noon – 1pm and 2pm – 4pm. The fastest time recorded so far is 24.23 seconds. Come on down and see if you can beat this time. All people taking part will be entered in to a prize draw to win a £300 Specialized Hardrock mountain bike courtesy of The Bike Factory Chester.

Makesure you're in Chester on Cycle Sunday, 27 June, to witness BMX stunt teams in the Roman Amphitheatre and Town Hall Square. There will also be Big Top Mania Crazy Cycle Circus on Bridge Street and pedal-powered Scalextrics in Town Hall Square.
